Bachelor of Commerce - Accounting and Finance | GPA: 3.56/4.0 (Distinction)

May 2018 - May 2021

CERTIFICATIONS & LICENSES

Advanced M&A Modeling Certification - Breaking Into Wall Street (BIWS)

Completed: August 2026

Certified Public Accountant (CPA) - Washington State Board of Accountancy

Licensed: June 2025

Chartered Accountant (CA) - Institute of Chartered Accountants of India

Licensed: September 2022

CFA Level I - CFA Institute

Passed: August 2025

PROFESSIONAL EXPERIENCE

Aorbis Inc.

Hartford, CT

Finance Associate

February 2026 - Present

- Analyzed monthly financial performance and balance sheet movements, identifying key variances and driving a 20% reduction in period-end adjustments through tighter controls and a more structured close process
- Diagnosed working capital cycle across receivables, payables and short-term debt; recommended process changes that shortened the cash conversion cycle by 5 days and freed up operating cash for reinvestment

PricewaterhouseCoopers (PwC)

Mumbai, India

Associate 2 - Capital Markets and Accounting Advisory Services (CMAAS)

October 2022 - April 2024

- Supported transaction readiness for a \$34B Irish technology MNC; converted financials from IFRS to US GAAP for SEC filings (10-K/10-Q), analyzing revenue, leases, derivatives and stock-based compensation for disclosure impact
- Seconded to a \$20B UK telecom group to support month-end reporting and financial close, worked through 100+ open audit items with the client and internal teams, saving 120+ hours and cutting response turnaround time by 25%
- Managed IFRS transition for a \$2B Saudi company; reviewed 50+ revenue contracts under IFRS 15, drafted technical accounting memos and prepared compliant financial statements with full disclosures on time
- Received PwC Spot Award as sole recipient among 120+ team members, plus 3x Above & Beyond Awards

Article Trainee - Audit and Assurance

September 2019 - September 2022

- Executed statutory audits for listed companies (\$300M+ revenues) across telecom, manufacturing and services; covered revenue recognition, lease testing and ICFR controls, with zero material restatements across all engagements
- Handled end-to-end statutory audits for two mid-sized firms (\$25M revenue each); prepared financial statements, disclosures and trial balances under Ind AS using SAP ERP, delivering clean audit opinions with on-time regulatory submissions
- Reviewed ICFR design and operating effectiveness across 5+ clients, identified control deficiencies and prepared management letters that were adopted into client remediation plans

FINANCE & DEAL PROJECTS

Advanced M&A Modeling Case Studies (BIWS | Financial Modeling Certification)

- Built a quarterly merger model with variable close-date logic for Builders FirstSource's \$2.5B acquisition of BMC Stock Holdings; recommended mixed cash/debt/stock funding over all-stock, flipping the deal from dilutive to 15-22% accretive
- Modeled Fortum's step-up from 49.99% to 70.5% ownership of Uniper (EUR 2.25B) using stub-period statements and NCI consolidation, finding 80% ownership maximized accretion; built SOTP valuation for SunPower's \$1B Maxeon spin-off

Strategic M&A Analysis - Nike / Lululemon (UIUC | Investment Banking)

- Valued Lululemon using DCF (WACC 8.6%, TGR 2.5%), trading comps and precedent transactions to arrive at a \$264.78/share offer price, implying \$31.1B in total equity value, a premium to market
- Modeled \$7.85B in operating synergies, ran exchange ratio and EPS accretion/dilution analysis across deal structures, and assessed capital structure alternatives and NPV implications

Strategic Valuation & M&A - SpartanNash (NASDAQ: SPTN) (UIUC | Mergers & Acquisitions)

- Valued SpartanNash using DCF, trading comps and precedent transactions, arriving at \$15.5-\$27.4/share against a \$22 market price, with upside/downside scenario analysis across bear, base and bull case
- Built a 5-year LBO model (4.0x leverage, 6.0x exit) returning 20% IRR and 2.5x MOIC; ran margin and capex sensitivities and evaluated a potential UNFI acquisition, recommending deferral given near-term execution and risk exposure

SKILLS

- Financial & Transaction Skills:** Financial Modeling, Financial Due Diligence (Buy-side/Sell-side), Transaction Advisory, Mergers & Acquisitions, Valuation (DCF, LBO, Comps), Accretion/Dilution, Capital Structure, Quality of Earnings
